Livingstone Kolobeng College **Botswana Traditional Values in a Modern Learning Environment.**

LKC Posts Excellent **Results Again!**

Livingstone Kolobeng College's 2022 IGCSE and A LEVEL candidate cohort rose to the occasion attaining a splendid 99.5% credit pass and 99.7% general pass rate. In the AS examination, our students posted an outstanding 99.3% credit pass rate and a 99% general pass rate. The A2 result was a remarkable100% general pass and 99.5% credit pass rate in the November 2022 Cambridge examinations. Each of our students kept their shoulder to the wheel and the impressive work ethic and resilience was rewarded. The results once more are a testament of the global competitiveness of Livingstone Kolobeng College. We now boast of a tried and tested education system that can turn your child's fortunes around.

The college has once again affirmed its global pole position in education. These results show a remarkable improvement from previous pass rates which reflect the school's productive thrust and focused teaching and learning. The class of 2022, being the first to be examined after the covid scourge, has plausibly and significantly raised the bar. Though a combination of factors led to this academic milestone, one thing is for sure; these results are a product of top of the range, all round staff whose immense skills and expertise were translated to excellence. What is especially remarkable is that the school enrols learners of mixed abilities who we thoroughly mould and refine each learner into a enthusiastic high calibre candidate across the curricula. No stone is left unturned. It is that dedication that makes the results amazing and second to none.

This year's academic masterstroke is characterised by top achievers getting eight
